What topics can I ask about here?

Stack Overflow is for professional and enthusiast programmers, pe
code because they love it. We feel the best Stack Overflow questio
source code in them, but if your question generally covers…

- a specific programming problem, or
- a software algorithm, or
- software tools commonly used by programmers; and is
- a practical, answerable problem that is unique to software dev

…then you're in the right place to ask your question!

Please look around to see if your question has been asked before. It
ask and answer your own question. Questions which are too broad,
incomplete or primarily opinion-based may be closed by the comm
are improved.

Click here for tips on how to ask good questions that are likely to b
by the community and attract good answers.

**Some questions that fit into one of the categories listed above m
the community because they aren't generally a good fit here or
additional information:**

1. Questions *seeking debugging help ("why isn't this code worki*
include the desired behavior, a specific problem or error and t
necessary to reproduce it in the question itself. See: How to cr
Reproducible Example.
2. Questions about *a problem that can no longer be reproduced*
caused by a simple typographical error. This can often be avo
identifying and closely inspecting the shortest program necess
the problem before posting.
3. Questions asking for *homework help* are not inherently off-top
you must have made a good faith attempt to solve it yourself.
must include a summary of the work you've done so far to sol
and a description of the difficulty you are having solving it. Fo
see How do I ask and answer homework questions?
4. Questions asking us to *recommend or find a book, tool, softwa
tutorial or other off-site resource* are off-topic for Stack Overf
tend to attract opinionated answers and spam. Instead, describ
and what has been done so far to solve it.
5. Questions asking for *customer support with third-party servic*
Stores) are off-topic for Stack Overflow. Instead, please direct
to the relevant company/organisation's technical support team
6. *Legal questions*, including questions about copyright or licens
topic for Stack Overflow. Open Source Stack Exchange or La
Exchange may be suitable alternatives.
7. Questions about *general computing hardware and software* ar
